

October Meeting Report

8.2 95 Day account

A Lloyds 95-day account is a type of savings account that allows the Council to earn interest on money it does not need to spend immediately, while keeping the funds in the Council's name.

The key point is that you have to give 95 days' notice before withdrawing money.

16. I am writing from Wheels 2 Work South West, a regional transport non-profit. We are applying to the Princetown Community Grants Fund to launch a low-cost scooter pilot scheme for isolated residents in the village.

We are bidding to fund one scooter as a revolving community asset to support four local job seekers or young people over a one-year period. The grant covers the vehicle, third-party insurance, safety gear, and professional training from specialist providers, helping users commute to nearby towns for work.

While we handle the fleet management, we need local roots. We would love to keep the Parish Council informed and collaborate with you to help raise awareness and refer candidates who face transport barriers to employment.

If you support this initiative, a quick reply confirming your interest would greatly strengthen our grant bid.
