Document Hierarchy

In the event of any discrepancy between Dartmoor Forest Parish Council Codes, Regulations, Policies, Strategies, Procedures and other documentation, the version contained in the higher level document detailed below will apply, unless changed by a resolution of the council.

Part 1: Introduction - Policy Context

1. This Code is issued to meet the Government's desire to place more power into citizens' hands to increase democratic accountability. Transparency gives local people the tools and information they need to hold local public bodies to account.
2. The Local Audit and Accountability Act 2014 sets out a new audit framework for local public authorities which are currently covered by the Audit Commission regime. Under the new audit framework smaller authorities, including parish councils, internal drainage boards, charter trustees and port health authorities, with an annual turnover not exceeding £25,000 will be exempt from routine external audit. In place of routine audit, these smaller authorities will be subject to the new transparency requirements laid out in this Code. This will enable local electors and ratepayers to access relevant information about the authorities' accounts and governance.
3. The Government considers that publication of the items in this Code will provide the local electorate and ratepayers with a clear picture of the activities of these smaller authorities. Most of this information is already produced by the majority of smaller authorities with a turnover not exceeding £25,000, and the Government therefore considers that compliance with this Code will not place a significant burden on these authorities.

Application

4. This Code is issued by the Secretary of State for Communities and Local Government in exercise of his powers under section 2 of the Local Government, Planning and Land Act 1980 ("the 1980 Act"), as amended by section 38 of the Local Audit and Accountability Act 2014, to issue a code of recommended practice as to the publication of information by local authorities about the discharge of their functions and other matters which he considers to be related. It was formally adopted by Dartmoor Forest Parish Council on 9 February 2015.
5. This Code does not replace or supersede the existing legal framework for access to and re-use of public sector information provided by the Freedom of Information Act 2000 (as amended by the Protection of Freedoms Act 2012), Environmental Information Regulations 2004, the Re-use of Public Sector Information Regulations 2005 and Infrastructure for Spatial Information in the European Community (INSPIRE) Regulations 2009.
6. This Code applies to Dartmoor Forest Parish Council provided its annual turnover does not exceed £25,000; defined as the higher of an authority's gross income/receipts for the year and its gross expenditure/payments for the year

Data Protection

7. The Government believes that local transparency can be implemented in a way that complies with the Data Protection Act 1998. Where smaller authorities are disclosing information which potentially engages the Data Protection Act 1998, they must ensure that the publication of that information is compliant with the provisions of that Act. The Data Protection Act 1998 does not restrict or inhibit information being published naming councillors, members or senior local authority officers who have taken certain decisions, because of the public interest in the scrutiny of such senior individuals and decision makers. The Data Protection Act 1998 also does not automatically prohibit information being published naming the suppliers with whom the authority has contracts, including sole

traders, because of the public interest in accountability and transparency in the spending of public money.

8. This Code complements existing provisions relating to public access to the decision-making process of smaller authorities. Dartmoor Forest Parish Council will ensure that it continues to comply with any such provisions, and any subsequent legislation regarding local authority minutes, notices and agendas. Where information would otherwise fall within one of the exemptions from disclosure under the Freedom of Information Act 2000, the Environmental Information Regulations 2004, or Infrastructure for Spatial Information in the European Community (INSPIRE) Regulations 2009 then it is in the discretion of Dartmoor Forest Parish Council whether or not to rely on that exemption or publish the data.

Commercial Confidentiality

9. The Government has not seen any evidence that publishing details about contracts entered into by smaller authorities would prejudice procurement exercises or the interests of commercial organisations, or breach commercial confidentiality unless specific confidentiality clauses are included in contracts. Dartmoor Forest Parish Council will expect to publish details of contracts newly entered into – commercial confidentiality should not, in itself, be a reason for Dartmoor Forest Parish Council to not follow the provisions of this Code. Therefore, Dartmoor Forest Parish Council will consider inserting clauses in new contracts allowing for the disclosure of data in compliance with this Code.

Part 2: Information Which Will Be Published

10. Dartmoor Forest Parish Council will publish:
 - a. All items of expenditure above £100 (see paragraphs 13 - 15);
 - b. End of year accounts (see paragraphs 16 and 17),
 - c. Annual governance statement (see paragraphs 18 and 19),
 - d. Internal audit report (see paragraphs 20 – 22),
 - e. List of councillor or member responsibilities (see paragraph 23), and
 - f. The details of public land and building assets (see paragraphs 24 - 27),
 - g. Minutes, agendas and meeting papers of formal meetings (see paragraphs 29 and 30).

Part 2.1: Information To Be Published Annually

11. The data and information in this section must be published not less than annually and not later than 1 July in the year immediately following the accounting year to which it relates.
12. This is particularly important to enable local Government electors, council tax payers and ratepayers to scrutinise financial information so that they are able to exercise their rights to question and make objections to the auditor.

All Items Of Expenditure Above £100

13. Dartmoor Forest Parish Council will publish the details of each individual item of expenditure above £100 (the net amount excluding recoverable VAT). Publishing a complete list of expenditure transactions will also meet this requirement. Expenditure information should be published for each individual spending transaction above £100 rather than each item bought (for example, it is sufficient to group all items in a stationary order as one item of expenditure).
14. For each individual item of expenditure above £100 the following information must be published:
 - a. Date the expenditure was incurred,
 - b. Summary of the purpose of the expenditure, this could be the descriptor that the Council use in its accounting system providing it gives a clear sense of why the expenditure was incurred or what it purchased or secured.
 - c. Amount
 - d. Value Added Tax that cannot be recovered.
15. Copies of all books, deeds, contracts, bills, vouchers, receipts and other related documents do not need to be published, but should remain available for inspection during the specified inspection period set out under regulation 14 of the Accounts and Audit (England) Regulations 2016, or under any equivalent regulations made under section 32 of the Local Audit and Accountability Act 2014. The right to inspect can be exercised on giving reasonable notice.

End Of Year Accounts

16. Dartmoor Forest Parish Council will publish its statement of accounts according to the format included in the Annual Return form. Publication of the relevant page of the completed Annual Return form will meet this requirement. The statement of accounts must be approved and signed by the Responsible Financial Officer and the Chairman of the meeting approving the statement of accounts.
17. The statement of accounts will be accompanied by:
 - a. A copy of the bank reconciliation for the relevant financial year,
 - b. An explanation of any significant variances (e.g. more than 10-15 percent, in line with proper practices) in the statement of accounts for the relevant year and previous year, and
 - c. An explanation of any differences between 'balances carried forward' and 'total cash and short term investments', if applicable.

Annual Governance Statement

18. Dartmoor Forest Parish Council will publish its annual governance statement according to the format included in the Annual Return form. Publication of the relevant page of the completed Annual Return form will meet this requirement. The annual governance statement should be signed by the Chairman and Clerk.
19. Where the governance statement contains any negative responses, these should be explained fully, including how any weaknesses will be addressed. As referred to paragraphs 7 and 8, when publishing this information Dartmoor Forest Parish Council will consider whether the Data Protection Act 1998 imposes any restrictions or constraints on such publication and whether any of the information would fall within an exemption under the Freedom of Information Act 2000 and therefore could, or should, be withheld from publication.

Internal Audit Report

20. Dartmoor Forest Parish Council will publish its annual internal audit report according to the format included in the Annual Return form. Publication of the relevant page of the completed Annual Return form will meet this requirement. The internal audit report should be signed by the person who carried out the internal audit.
21. Where the internal audit report contains any negative response to the internal controls objectives, these should be explained fully, including how any weaknesses will be addressed. As referred to paragraphs 7 and 8, when publishing this information Dartmoor Forest Parish Council will consider whether the Data Protection Act 1998 imposes any restrictions or constraints on such publication and whether any of the information would fall within an exemption under the Freedom of Information Act 2000 and therefore could, or should, be withheld from publication.
22. Where the response to any internal controls objectives is 'not covered', an explanation of when the most recent internal audit work was completed in this area and when it is next planned should be provided. If coverage is not required, an explanation stating why coverage is not needed should be provided.

List Of Councillor Or Member Responsibilities

23. Dartmoor Forest Parish Council will publish a list of councillor or member responsibilities. The list will include the following information:
- a. Names of all councillors or members of the authority,
 - b. Committee or board membership and function (if Chairman or Vice-Chairman) of each councillor or member, and
 - c. Representation on external local public bodies (if nominated to represent the authority or board) of each councillor or member.

Details of public land and building assets

24. Dartmoor Forest Parish Council will publish details of all public land and building assets. Where this information is included in the authority's asset and liabilities register, this register may be published in its entirety or as an edited version displaying only public land and building assets.
25. When publishing the required data, Dartmoor Forest Parish Council will publish the following information in relation to each land and building asset:
- a. Description (what it is, including size/acreage),
 - b. Location (address or description of location), for example, street number, street name, postal town and postcode; or map reference using Ordnance Survey grid reference.
 - c. Owner/custodian, e.g. the if the council manages the land or asset on behalf of a local charity,
 - d. Date of acquisition (if known),
 - e. Cost of acquisition (or proxy value), and
 - f. Present use.

Part 2.2: Information To Be Published More Frequently Than Annually

28. The data and information referred to in this Part must be published not later than the occasions specified in Paragraphs 29 and 30.

Minutes, agendas and papers of formal meetings

29. Dartmoor Forest Parish Council will publish the draft minutes from all formal meetings (i.e. full council, committee and sub-committee meetings) not later than one month after the meeting has taken place. These minutes will be signed either at the meeting they were taken or at the next meeting.
30. Dartmoor Forest Parish Council will also publish meeting agendas, which are as full and informative as possible, and associated meeting papers not later than three clear days before the meeting to which they relate is taking place.

Part 3: Method of publication

31. Public data should be as accurate as possible at first publication. While errors may occur, the publication of information should not be unduly delayed to rectify mistakes. Instead, publication should be used to help address any imperfections and deficiencies. The best way to achieve this is by having robust information management processes in place. Where errors in public data are discovered, or files are changed for other reasons (such as omissions), smaller authorities should publish revised information making it clear where and how there has been an amendment.

32. The data and information specified in this Code must be published on Dartmoor Forest Parish Council's website which is publicly accessible free of charge.
